LIVE FROM
THE BUNKER
2023**

Thank you for your interest in "Live from the Bunker". Our goal is to create a relaxed and intimate atmosphere for you to perform your music, tell your stories, and connect with your audience.

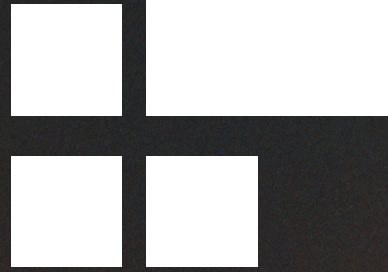

SHOW FORMAT

This platform is ideal for solo or duo acts. To ensure a smooth and professional performance, we kindly request that you arrive at the studio at least 10 minutes before you are scheduled to shoot. This will give us enough time to get you in the door, do line checks, monitor checks, and show prep, before hitting the red button and laying down the set. We shoot 3 sessions every single Monday at 12pm, 2pm, and 4pm. It is imperative that you show up on time and ready to go.

All of this is provided to you at no cost. IT'S FREE. We ask that you show up, on time, in tune, and ready to put your best performance forward. This is an all original set for 20-30mins, generally most people play about 6 songs, with the stories around them. This is a live off the floor recording, there is no stopping or re-starting, we are capturing a moment in time. We ask you provide an emotional experience for the listeners, as if you were at a small venue.

WHAT TO EXPECT

WHAT WE PROVIDE

We provide the following for your performance:

- Belt packs for your in-ear monitors.
- A microphone and stand, and all cables.
- A stool, or you may wish to stand.
- A full audio/video production studio to capture your set.
- Water, coffee, or tea.

WHAT YOU NEED TO KNOW

Please bring your instrument(s) and your in-ear monitors (just the ear buds part). Everything will be performed through our in-ear monitor system. If you do not have in-ears, we can provide them for you. We are in a residential area, there will be no amps or drums allowed in the Bunker. Our stage is tight with a duo, no more than two performers on stage will work. We ask that all sound be performed through e-drums and amp sims (if at all). We prefer stripped-down, acoustic performances. We also take our team member "Macy The Aussie" to a dog daycare for the day, which is why adhering to our scheduling is required.

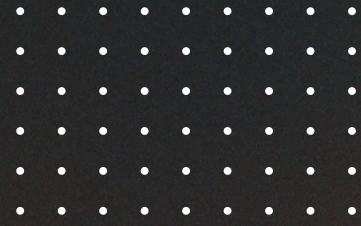

CANCELLATION POLICY

We take this very seriously. These are coveted spots which are booked months in advance. As such, we would appreciate if you could show up on time for your scheduled performance. Cancellations can result in jeopardizing future bookings with us. Should you need to cancel your session, please notify us within one (1) week of your performance date.

MASTER RECORDING

We recognize that these videos are valuable for festival applications. For the very low cost of \$200, you can own your master recording. There is no obligation to purchase and everything we do here is free, however we cannot provide you with this content at no cost. Should you choose to purchase your set, we ask that you do not release it publicly before our scheduled Youtube premier. You have the option to review the video before your purchase.

SOCIAL SUPPORT

As we mentioned above, this session is at no cost to you. Your social media support influences the application and selection process. Here are some effective ways to increase your opportunity to be selected. This is also an excellent opportunity for you to be part of a growing community.

A man with long hair is seated on the left, playing an acoustic guitar. A woman is seated on the right, holding a microphone and singing. They are in a studio-like setting with three acoustic guitars hanging on the wall behind them. A sign in the background reads "Live From The BUNKER" and "Enter".

PLEASE NOTE THAT WE WILL CONTACT YOU IF YOU HAVE BEEN SELECTED

Thank-you for your interest in "Live from the Bunker" and we look forward to creating a digital venue for indie artists, and a surrounding community.
