**ARTIST MEMO**  
**LIVE FROM**  
**THE BUNKER**  
**2023**

We're excited to have you perform on our platform, "Live from the Bunker". Our goal is to create a relaxed and intimate atmosphere for you to perform your music, tell your stories, and connect with your audience.

## INTRODUCTIONS

To ensure a smooth and professional performance, we kindly request that you arrive at 201 Weston Road, Toronto at least 10 minutes before you are scheduled to shoot. This will give us enough time to do get you in the door, do some line checks, monitor checks, and show prep, before hitting the red button and laying down the set.

All of this is provided to you at no cost. IT'S FREE. We ask that you show up, on time, in tune, and ready to put your best performance forward. If you have any special requests, or are bringing any specific gear, please let us know at least on (1) week before your scheduled performance. This includes pedal boards, vocal processors, loopers etc.

# WHAT TO EXPECT

## WHAT WE PROVIDE

We provide the following for your performance:

- Belt packs for your in-ear monitors.
- A microphone and stand, and all cables.
- A stool, or you may wish to stand.
- A full video production studio to capture your set
- Water, coffee, or tea

## WHAT YOU NEED TO KNOW

Please bring your instruments and your in-ear monitors (just the ear buds part). Everything will be performed through our in-ear monitor system. We will provide the belt packs for your in-ears. If you do not have in-ears, we can provide them for you. We are in a residential area, there will be no amps or drums allowed in the Bunker. We ask that all sound be performed through e-drums and amp sims (if at all). We prefer stripped-down, acoustic performances.

## CANCELLATION POLICY

We take this very seriously. These are coveted spots which are booked months in advance. As such, we would appreciate if you could show up on time for your scheduled performance. Cancellations will result in jeopardizing future bookings with us. Should you need to cancel your session, please notify us within one (1) week of your performance date.

## MASTER RECORDING

We recognize that these videos are valuable for festival applications. For the very low cost of \$200, you can own your master recording. There is no obligation to purchase and everything we do here is free, however we cannot provide you with this content at no cost. Should you choose to purchase your set, we ask that you do not release it publicly before our scheduled Youtube premier. You have the option to review the video before your purchase.

# SOCIAL SUPPORT

As we mentioned above, this session is at no cost to you. Here are some effective ways to promote both your music and Toronto's leading digital venue. Check the next page for all of our social accounts.

## On Youtube:

- Subscribe to the Live from the Bunker channel to get notified about upcoming sessions.
- Like and comment on the videos to show your support for the artists and the show.
- Save the videos to your playlists for easy access later.
- Watch your own premier at 8pm EST on the designated date.
- Come watch other artists' premiers to show your support and discover new music.
- Save your favorite Live from the Bunker sessions to your playlists for future listening.
- Click the notification bell to get notified when new sessions are released.

## On Instagram/Facebook/Twitter:

- Promote your upcoming Live from the Bunker session in advance on your page.
- Promote your session during the show by posting a story at the Live from the Bunker sign
- Like, share, comment, and save Live from the Bunker posts
- Tag @livefromthebunker and @kevdfoster on your posts related to the show.
- Use #livefromthebunker in your posts to make them more discoverable to other fans.
